

**CERBA EURASIA MINING CONFERENCE DELEGATES 2020**

N	Country	Delegate Name	Title	Company	About
<b>Russian Federation Delegation</b>					
1	Russian Federation	Alexey Rudnev	Head, Geology of Solid Minerals	<b>The Federal Subsoil Resources Management Agency – Rosnedra</b>  <a href="http://www.rosnedra.gov.ru/">http://www.rosnedra.gov.ru/</a>	The Federal Subsoil Resources Management Agency is a federal executive authority performing the functions related to rendering State services and federal property management in the sphere of subsoil use. The Federal Subsoil Resources Management Agency is under the authority of the Ministry of Natural Resources of the Russian Federation.
2	Russian Federation	Evgeniy Tanin	Head of Division of Improvement of Legislation, Department of State Policy and Regulation in the Sphere of Geology and Subsoil use	<b>Russian Ministry of Natural Resources</b>  <a href="http://government.ru/en/structure/">http://government.ru/en/structure/</a>	The Ministry of Natural Resources and Environment (Minprirody) is a federal executive body responsible for drafting and implementing government policy and the legal regulation in the field of the exploration, use, reproduction and protection of natural resources, including mineral resources, water bodies, woodlands, animals and their habitats, and land relations concerned with the transfer of water and forest areas, as well as specially protected areas, territories and sites (as regards specially protected natural areas) to lands of other categories, in forestry relations, hunting, hydrometeorology and related sectors, environmental monitoring and protection, including radiation control regulation and monitoring, as well as developing and implementing the national policy and legal regulations in environment protection, including issues related to the treatment of industrial and consumer waste, specially protected natural territories, and state environmental expert evaluation.
3	Russian Federation	Denis Nikishin	Deputy Director of Regulatory and Licensing of Subsoil Usage	<b>RosGeolExpertisa</b>  <a href="http://www.rgexp.ru/">http://www.rgexp.ru/</a>	The organization works on the development of the mineral resource complex of Russia, considering a wide range of geological, legal and economic problems of subsoil use. Along with the examination of projects for geological exploration of the subsoil, priority tasks for the Federal State Institution "Rosgeolekspertiza" are the tasks of legal and geological and economic support of Rosnedr.
4	Russian Federation	Oleg Kazanov	Deputy Director General for Geology	<b>All Russian Mineral Resources Institute (VIMS)</b>  <a href="http://www.rsoft.ru/vims/english/index.htm">http://www.rsoft.ru/vims/english/index.htm</a>	Main direction of our activity is information and analysis support of Federal Agency for Mineral management (Rosnedra), Ministry of Natural Resources and other government bodies in a wide range of issues related to: state of mineral bases of solid mineral resources in Russia and globally, tendencies and prospects of their development and
5	Russian Federation	Alexandra Chernova	Head of the Mineral Resources Complex Monitoring Department		

**CERBA EURASIA MINING CONFERENCE DELEGATES 2020**

6	Russian Federation	Dmitriy Kozlovskiy	Head of Center for Information & Analytics	<b>All Russian Mineral Resources Institute (VIMS)</b> <a href="http://www.rsoft.ru/vims/english/index.htm">http://www.rsoft.ru/vims/english/index.htm</a>	exploration; state, directions and prospects of development of the mining industry in Russia and globally; state, directions and prospects of development of the international and domestic mineral market.
7	Russian Federation	Anatoliy.Molchanov	Acting Director of the Center for Forecasting Metallogenic research,	<b>VSEGEI</b> <a href="http://www.vsegei.ru/en/">http://www.vsegei.ru/en/</a>	A.P. Karpinsky Russian Geological Research Institute (VSEGEI) is a successor and custodian of traditions of the first state geological institution in Russia, the Geological Committee, which was established in Saint Petersburg on 31 January 1882 by the decree of Emperor Alexander III for the purpose of systematic study of geological structure and compilation of the geological map of Russia, as well as for resolving of practical issues on prospectively estimation of the country's territory for different mineral resources.
8	Russian Federation	Eugene Antonov	Chief Operating Officer	<b>Trans-Siberian Gold Management LLC</b> <a href="http://trans-siberiangold.com/">http://trans-siberiangold.com/</a>	Trans-Siberian Gold is a leading gold producer, developer and explorer in Russia. Focused on low cost, high grade mining operations and stable gold production. - The 100% owner of the Asacha Gold Mine in Russia. - A highly-regarded management team with significant experience in developing and operating gold mines in Russia. Committed to maintaining the license to operate through acting responsibly in relation to people, the environment and the communities which they interact with.
9	Russian Federation	Viktor Ovcharuk	Director	<b>AGT Systems</b> <a href="http://www.agtsys.ru/">http://www.agtsys.ru/</a>	The company delivers various special equipment, tools, equipment both in the form of separate products, and in integrated complexes of a special purpose. Having extensive contacts with manufacturers and suppliers from different countries, they can select the best products for customers' specific conditions that meet the latest technological requirements.
10	Russian Federation	Olesia Khmel	Tender Manager		
11	Russian Federation	Mikhail Nartov	Deputy CEO, COO	<b>GV- Gold</b> <a href="http://www.gvgold.ru/en/">http://www.gvgold.ru/en/</a>	GV Gold is a dynamically developing company with a high-performance efficiency ranking in TOP-10 Russian gold mining companies. The company produces (225 koz) of gold per year and has a balanced portfolio of operating and exploration assets. Maintaining high corporate governance standards is one of the key objectives of the GV Gold Group. In its activity, the Company strives to follow the principles established within the Corporate Governance Code published in 2014 and recommended for introduction by the Bank of Russia.
12	Russian Federation	Roman Schetinskiy	Development Director		
13	Russian Federation	Vladislav Barshchinov	CEO		

**CERBA EURASIA MINING CONFERENCE DELEGATES 2020**

14	Russian Federation	Igor Semenov	Executive Director	<b>First Ore Mining Company</b>  <a href="http://www.pgrk.armz.ru/en/">http://www.pgrk.armz.ru/en/</a>	The First Ore Mining Company is developing the Pavlovskoye lead-zinc field and is an operator of mineral properties in the basin of Bezymyannaya River (the Novaya Zemlya Archipelago, Arkhangelsk Region). The project was included in the Governmental Program “Social and Economic Development of the Arctic Area of the Russian Federation” approved by Resolution No.336 of the Government of the Russian Federation dd. 21.04.2014 (as revised by Resolution No.1064 of the Government of the RF dd. 31.08.2017).
15	Russian Federation	Tatiana Balzamova	Deputy Director General	<b>Terra Invest</b>	A Russian junior exploration company. Currently managing two high-grade golden-silver ore occurrences in the Chukotka Autonomous District in the Far East of Russia. Looking to discuss the potential for collaboration in development and projects financing, including the possibility to sell the occurrences, that are licensed by the company.
16	Russian Federation	Andrey Efimov	Business Development Director		
17	Russian Federation	Vladimir Trifonov	Adviser to CEO	<b>Metalloinvest</b>  <a href="http://www.metalloinvest.com/">http://www.metalloinvest.com/</a>	Metalloinvest is a world leader in the production of commodity hot briquetted iron (HBI), a leading manufacturer and supplier of iron ore and metallized products, one of the regional manufacturers of high-quality steel. Its strategy is to strengthen the position of one of the leading manufacturers of high value-added iron ore products in the world.
18	Russian Federation	Zhuchkov Evgeniy	Director International Affairs		
19	Russian Federation	Vladislav Khasanov	Head of the Department of Scientific and Methodological Support	<b>TsNIGRI</b>  <a href="http://tsnigri.ru/">http://tsnigri.ru/</a>	The Central Research and Exploration Institute of Non-Ferrous and Noble Metals (TsNIGRI) was founded in 1935 in order to ensure the implementation of gold mining plans in the country. The main objectives of the institute are related to the development and reproduction of the mineral resource base of diamonds, precious and non-ferrous metals. TSNIGRI develops long-term forecasts of the mineral resources of the country's economy, target-oriented systems for the reproduction of the mineral resources base, methods and techniques for assessing and revaluing forecast resources, and evaluates the state of national mineral resources security.
20	Russian Federation	Oleg Minnullin	Executive Director	<b>PJSC PhosAgro</b>  <a href="http://www.phosagro.com/">http://www.phosagro.com/</a>	PhosAgro is a vertically integrated Russian company and one of the world's leading phosphate-based fertilizer producers. Our environmentally safe products help farmers from 100 countries across the inhabited continents to improve their crop quality and yields. We produce 39 grades of phosphate-based fertilizers, ammonia and feed phosphates, along with high-grade phosphate rock boasting 39%+ P <sub>2</sub> O <sub>5</sub> .

**CERBA EURASIA MINING CONFERENCE DELEGATES 2020**

21	Russian Federation	Sergey Zhuravlev	Vice-president	<p><b>Polyus LLC</b></p> <p><a href="http://polyus.com/en/">http://polyus.com/en/</a></p>	<p>PJSC Polyus is the largest gold producer in Russia and a top 10 gold producer globally with one of the lowest cost profiles. The Company also holds the world's second largest gold reserves with 64.4 million ounces of proven and probable gold reserves underpinning its strong growth profile. Our principal operations are located in Krasnoyarsk, Irkutsk and Magadan regions and the Sakha Republic (Yakutia) and include 5 operating mines, alluvial operations and several advanced development projects.</p>
22	Russian Federation	Maria Potapova	Head of Prospective Areas Monitoring Department		
23	Russian Federation	Tamara Golovina	Head of Technology Exploration Work	<p><b>Polymetal</b></p> <p><a href="http://www.polymetalinternational.com/en/">http://www.polymetalinternational.com/en/</a></p>	<p>Polymetal International plc is a leading precious metals mining group operating in Russia and Kazakhstan listed on the London Stock Exchange, Moscow Stock Exchange and Nur-Sultan International Exchange. The company is a member of FTSE 100, FTSE Gold Mines and MSCI Russia. Polymetal has a portfolio of nine producing gold and silver mines and an impressive pipeline of future growth projects. Polymetal continued to deliver on its strategy of building the long-term future of the Company, while generating significant free cash flow and creating value for its stakeholders.</p>
24	Russian Federation	Georgiy Trigubovich	CEO	<p><b>CJSC Aerogeophysical Surveys</b></p> <p><a href="http://em-surveys.com">http://em-surveys.com</a></p>	<p>CJSC "Aerogeophysical Surveys" is a Russian geological company which does small-scale production of the equipment for airborne and ground geophysical surveys, has its own IT center for developing, processing and interpreting data and has many patents in area of geophysics. The company has own developments of "Impulse" series helicopter exploration systems which main technical solutions are patented in Russia and abroad.</p>
25	Russian Federation	Nikolai Trigubovich	Equipment and developments Specials		
26	Russian Federation	Sergei Barsukov	Lead geophysicist		
<b>Republic of Kazakhstan Delegation</b>					
1	Republic of Kazakhstan	Ruslan Baimishev	Vice Minister	<p><b>Ministry of Industry and Infrastructure Development of the Republic of Kazakhstan</b></p> <p><a href="http://miid.gov.kz/en">http://miid.gov.kz/en</a></p>	<p>The Ministry of Industry and Infrastructure Development of the Republic of Kazakhstan is the central executive body responsible for leadership in the fields of industry and industrial and innovative development, scientific and technical development of the country, mining and metallurgical complex, development of local content,</p>

**CERBA EURASIA MINING CONFERENCE DELEGATES 2020**

2	Republic of Kazakhstan	Dostan Salimbayev	Head of investment cooperation division, Subsoil Use Department	<b>Ministry of Industry and Infrastructure Development of the Republic of Kazakhstan</b> <a href="http://miid.gov.kz/en">http://miid.gov.kz/en</a>	mechanical engineering, chemical, pharmaceutical and medical industries, light, woodworking and the furniture industry, the construction industry, and the production of building materials in the use of the airspace of the Republic of Kazakhstan and the activities of civil and experimental aviation, roads; industrial safety; communication, informatization and e-government information; space activities.
3	Republic of Kazakhstan	Talgat Satiyev	Deputy Chairman, Committee of Geology and Subsoil Use	<b>Ministry of Ecology, Geology and Natural Resources of Kazakhstan</b> <a href="http://ecogeo.gov.kz/en">http://ecogeo.gov.kz/en</a>	The mission of the Ministry of Ecology, Geology and Natural Resources of the Republic of Kazakhstan is creating conditions for the conservation, restoration and improvement of the quality of environment, water and biological resources, state geological study of the subsoil, reproduction of the mineral resource base, sustainable development of water, forest, fish and hunting farms, protected natural areas, transition of the Republic of Kazakhstan to low-carbon development and “green economy” to meet the needs of current and future generations.
4	Republic of Kazakhstan	Kazbek Irgebayev	Acting Director-General, Republican Center for Geological Information. "Kazgeoinform" LLP		
5	Republic of Kazakhstan	Dilyara Tektigulova	Project Director	<b>National Company KAZAKH INVEST JSC</b> <a href="http://invest.gov.kz">http://invest.gov.kz</a>	National Company KAZAKH INVEST JSC was established in accordance with the Resolution of the Government of the Republic of Kazakhstan No. 100 dated March 1, 2017 “On the renaming of the National Export and Investment Agency KAZNEX INVEST Joint-Stock Company in order to promote sustainable socio-economic development of the Republic of Kazakhstan by attracting foreign investment in priority sectors of the economy and comprehensive support of investment projects.
6	Republic of Kazakhstan	Dana Kopeyeva	Manager of Investment department	<b>JSC Tau-Ken Samruk</b> <a href="http://www.tks.kz/en/">http://www.tks.kz/en/</a>	JSC Tau-Ken Samruk National Mining Company is a vertically integrated company and was founded in accordance with №10 Resolution of Government of the Republic of Kazakhstan, dated January 15, in order to ensure the effective operation of subsoil use in the following fields: Exploration, development, production, processing and marketing of solid minerals; Effective management of transmitted Company shares of mining and metallurgic industry; Development and introduction of new high-tech and efficient technologies in mining industry.

**CERBA EURASIA MINING CONFERENCE DELEGATES 2020**

7	Republic of Kazakhstan	Dmitry Barsukov	General Director Kazakhstan	<b>Cameco Corporation</b> <a href="http://www.cameco.com/businesses">http://www.cameco.com/businesses</a>	Cameco is one of the world's largest providers of the uranium needed to generate clean, reliable baseload electricity around the globe. Our tier-one operations in Canada and Kazakhstan have the licensed capacity to produce more than 53 million pounds (100% basis) each year. We are also a leading supplier of uranium refining, conversion and fuel manufacturing services required to generate one of the cleanest sources of electricity available today.
8	Republic of Kazakhstan	Sanzhar Sarybekov	First Deputy Director	<b>Astana Energy Invest LLP</b>	
9	Republic of Kazakhstan	Dauren Altynbekuly	Deputy Director		
10	Republic of Kazakhstan	Gani Sagiyev	Deputy Director General for Government Relations and Social Issues	<b>KAZAKHALTYN Mining-Metallurgical Concern JSC.</b> <a href="http://kazakhaltyn.kz/">http://kazakhaltyn.kz/</a>	KAZAKHALTYN Mining-Metallurgical Concern JSC has as a focus the exploration and prospecting works, extraction and processing of gold-containing ore, production of gold-containing goods, manufacture, storage and sale of gold and other precious metals, export of gold and other precious metals and precious stones, jewelry production, operations with refined precious metals and precious stones in physical condition, transportation, organization of scientific and project-survey works and experimental developments. The company has a total market value of shares of 91 368,21 m. KZT (\$241,59 m.)
11	Republic of Kazakhstan	Madina Irgebayeva		<b>KAZMIX ASTANA LLP</b>	
<b>Republic of Uzbekistan Delegation</b>					
1	Republic of Uzbekistan	Azam Kadirhodjaev	Deputy Chairman	<b>Goscomgeology</b> <a href="http://www.orano.group/en/news/news-group/2019/september/orano-signs-a-partnership-agreement-in-uzbekistan">http://www.orano.group/en/news/news-group/2019/september/orano-signs-a-partnership-agreement-in-uzbekistan</a>	GoscomGeology is the State Committee of the Republic of Uzbekistan for Geology and Mineral Resources. GoscomGeology coordinates and provides for geological exploration of minerals, fulfillment of tasks for increasing reserves of hydromineral resources, solid nonmetallic minerals, ferrous and rare metals, rare earth elements and geological tasks for the formation, strengthening and expansion of the Republic's mineral and raw materials base (except hydrocarbon raw materials, precious and non-ferrous metals, uranium) and other works in the field of geological study of the territory of the Republic.
2	Republic of Uzbekistan	Iskandar Kodirov	Leading Specialist of the Department of Foreign Investments		
3	Republic of Uzbekistan	Akmal Rustamov	Deputy Director on Innovation State Enterprise Institute of Mineral Resources		

**CERBA EURASIA MINING CONFERENCE DELEGATES 2020**

4	Republic of Uzbekistan	Vakhid Alikulov	Deputy Head of Procurement	<b>ERIELL group</b> <a href="http://old.eriell.com/en/">http://old.eriell.com/en/</a>	ERIELL, an international oilfield service group provides well drilling and workover services to leading oil and gas companies in the Russian Federation, Central and Southern Asia, and Middle East. ERIELL has invested in technology and innovation to secure a position among industry leaders, providing services to the same high standards in extreme desert climates, mountainous regions and permafrost zones.
